

Pocket 2 Pocket

Pocket 2 Pocket (P2P) enables money transfers in a real time, secure fashion using a PVFCU debit card. Sending funds via P2P is as simple as knowing the recipients cell phone number or email address. You do not need to know any of the recipients debit card or account information. And they don't need to know yours! They will receive a link that they click on to receive the funds, and that's where they will enter their own information.

SENDER INFO

- The sender must have a PVFCU debit card
- There will be a \$1 service charge per transfer for sender only
- The sending limit is \$500 per transfer to U.S. locations only. The aggregate daily limit is \$800.
- If you plan to frequently use this service, you can enroll and save your information

RECIPIENT INFO

- The recipient can receive funds real time via their debit card or within 1-3 days via ACH (for ACH receipt they will need to know their checking account number and routing number)
- If the receiver does not accept the money within 10 days, the transaction will automatically be refunded to the sender

Using P2P on either your computer or mobile device:

1. Go to pvfcu.pocket2pocket.net (save as a favorite/bookmark for future use)
2. Fill in Sender & Recipient information
3. Choose email or phone number for the method of notification of payment (no dashes in the phone number)
4. Select "Next"
5. Fill in Payment information
6. Check "I accept the terms of service"
7. Select "Next"
8. Review the transaction
9. Select "Submit"
10. Enter your PIN (pad will scramble after each digit)
11. Select "Submit"
